FORWARD-LOOKING STATEMENTS

IN THIS ANNUAL REPORT, WE HAVE DISCLOSED FORWARD-LOOKING INFORMATION TO ENABLE INVESTORS TO FULLY APPRECIATE OUR PROSPECTS AND TAKE INFORMED INVESTMENT DECISIONS. THIS REPORT AND OTHER STATEMENTS – WRITTEN AND ORAL – THAT WE PERIODICALLY MAKE, CONTAIN FORWARD-LOOKING STATEMENTS THAT SET OUR ANTICIPATED RESULTS BASED ON MANAGEMENT PLANS AND ASSUMPTIONS. WE HAVE TRIED, WHERE POSSIBLE, TO IDENTIFY SUCH STATEMENTS BY USING WORDS SUCH AS 'ANTICIPATE', 'EXPECT', 'PROJECT', 'INTEND', 'PLAN', 'BELIEVE', AND WORDS OF SIMILAR SUBSTANCE IN CONNECTION WITH ANY DISCUSSION OF FUTURE PERFORMANCE. WE CANNOT, OF COURSE, GUARANTEE THAT THESE FORWARD-LOOKING STATEMENTS WILL BE REALISED, ALTHOUGH WE BELIEVE WE HAVE BEEN PRUDENT IN OUR ASSUMPTIONS. ACHIEVEMENT OF RESULTS IS SUBJECT TO RISKS, UNCERTAINTIES, AND POTENTIALLY INACCURATE ASSUMPTIONS. SHOULD KNOWN OR UNKNOWN RISKS OR UNCERTAINTIES MATERIALISE, OR SHOULD UNDERLYING ASSUMPTIONS PROVE INACCURATE, ACTUAL RESULTS COULD VARY MATERIALLY FROM THOSE ANTICIPATED, ESTIMATED, OR PROJECTED. READERS SHOULD BEAR THIS IN MIND. WE UNDERTAKE NO OBLIGATION TO PUBLICLY UPDATE ANY FORWARD-LOOKING STATEMENTS, WHETHER AS A RESULT OF NEW INFORMATION, FUTURE EVENTS, OR OTHERWISE.

As much as we root for the ‘good days’, the fact remains - we’ll get our fair share of bad ones as well. And more often than not, they’ll come unannounced.

We were caught unaware by our own share of recent tough times. And yes, we did stumble – only to learn to align ourselves better to sectoral realities, and make the best of them. We learnt to strive harder, which led us to perform better. After all, failure is far better a teacher than success – as long as you choose to be a willing learner!

So, instead of waiting for the storm to pass, we at Arman chose to pick ourselves up, go out there, and dance in that rain.

And we danced well!

Even as
rain gods
deluged the
greater
landmass,
it carefully
selected some
land parcels for
a light drizzle.

For Arman, Uttar Pradesh was one such opportunity.

Post the demonetisation drive, the larger and established players in the state faced issues with their operations, forcing them to reduce their exposure. As a result, disbursements declined significantly.

We seized the opportunity. We strengthened our presence with the right infrastructure and people. We tightened our filters and processes. We made growth a reality... from an area otherwise considered unsafe.

We danced in that rain. And we danced well!

Even as the
torrential
downpour wreaked havoc
on one business space...
the raging flood
waters paved the way
towards a promising haven.

For Arman, loans to the Rural Micro-Enterprise (MSME) sector was this new haven.

We were always aware of the reality that in today's volatile and challenging business ecosystem, you cannot rely on one revenue vertical to sustain business growth. So, even as we were working out the contours of the new revenue vertical synergic to our core business at our own pace, the policy-led disruption of November 2016 hastened our pace multi-fold.

And drove hard we did. We invested in infrastructure. We on-boarded required resources. We put-in-place required processes. We reached out far and wide. We made this vertical a profitable one... in the very first full-year of its operations.

We danced in that rain. And we danced well!

Highlights

- Compared to the same quarter in the previous year, this year we opened five new branches for the SME segment and 18 new branches for the microfinance segment.
- Achieved the highest ever disbursement in any quarter at ₹67.44 crore in the microfinance business.
- Posted a turnaround with a profit of ₹0.94 crore compared to a ₹0.75 crore loss in Q4FY17. Profitability impacted by demonetisation disruption, causing lower disbursements in the past 2 quarters, increased operating costs due to instalment recovery, and increased provisioning/write-offs.
- Achieved a 99.98% collection rate for the new disbursements post demonetisation.

Highlights

- Opened 9 new branches – 8 for the MFI operations and 1 for the MSME business compared to the same quarter the previous year.
- Shareholders approved an equity infusion by a SAIF Partners managed fund; the deal was concluded in April 2018. The equity infusion will add ₹57 crore to the net worth of the Company on a fully diluted basis, and will help the Company scale new heights.

From the Managing Director's desk

“We take great pride in the fact that we have been able to play a small part for many of our customers in their journey to escape poverty.”

Dear friends,

It gives me immense pleasure to state that Arman has not only caught up with the lost growth owing to the shock of November 2016, but has surpassed goals set at the start of the year – ending the fiscal with record growth.

Arman is not new to challenges. After working in the finance sector for the better part of three decades, I am keenly aware that the sector gets hit by some manner of crisis every 5-10 years. Whether random or predictable, this has become part of the larger financial sector business cycle. Interestingly, Arman has not only survived all such events in its 25-year journey but has almost always emerged stronger once the crisis is averted. That is not to take away from the fact that last year was definitely challenging. While

we might have faced more challenging years in the past, but the stakes were a lot larger. Mistakes were made, by Arman, our customers, and the country as a whole. It is however counterproductive to dwell too much in the past, for to be judged for your mistakes is to be judged for being human; life goes on...

On behalf of the Company, we commit to build a resilient company with strong risk framework and never compromise asset quality in exchange for growth. In the forth quarter of Fiscal 16-17, we had mentioned three strategic moves to further de-risk our portfolio. First was to diversify our product-line, the second was to reduce geographical concentration, and third was to switch to cashless disbursements. You will find that we have made strong headway in all three of the above within the past year.

I humbly state that the Arman team's determined efforts helped us in remaining dedicated on our commitment (of playing a meaningful role in helping our customer escape poverty) despite the many uncertainties during the year. We believe that financial inclusion is one of the many factors needed to escape poverty and when this support system is pulled out, the cascading impact can be catastrophic. While this is a bold statement, we have never taken the path of claiming that our loans 'deliver them out of poverty', as poverty is a complex issue and it generally takes a combination of many factors for our clients to end the cycle of poverty. Financial inclusion is not a silver bullet to end poverty, rather, one of the critical factors to help people help themselves. We take great pride in the fact that we have been able to

play a small part for many of our customers in their journey to escape poverty.

Even as we continued to strengthen our core, we created flanking verticals which, I believe, will strengthen the organisation's ability in adding value to our shareholders who have honoured us with their unwavering trust and unstinted support during good times and bad.

I welcome SAIF Partners into the Arman family whose strategic investment in the Company is an important watermark on the validity and the relevance of our business model and operations. Their rich knowledge capital and insights into the financial world would help us further strengthen our systems and processes. I hope for a long and mutually fruitful relationship with them.

I take this opportunity to extend my heartfelt gratitude to our valued customers, employees, investors, bankers, the State and Central Government, and all other stakeholders for the relentless support, encouragement and motivation extended to us. I also thank my colleagues on the Board for their valuable advice and guidance.

Warm regards

Jayendra Patel

Obituary

Mr. Shah was a friend, mentor, teacher, well-wisher, and an advisor to the Board and the Management.

It is with profound grief, we report that the Arman family has lost an important pillar with the passing away of its former Chairman, Shri C. R. Shah; at 11:50 PM on 6th June 2018 at his home in Ahmedabad, surrounded by his family.

Mr. Shah served as the Chairman of Arman for 24 uninterrupted years, until his recent resignation on the 25th of May 2018 due to his deteriorating health. He was instrumental in drawing the blueprint and spearheading the growth of the Company.

More than the Chairman, Mr. Shah was a friend, mentor, teacher, well-wisher, and an advisor to the Board and the Management. A perfectionist by nature and an avid supporter of corporate governance, shareholder rights and "doing the right thing the right way", it was a privilege to know Mr. Shah and to work alongside him for 24 years. He was a visionary and a strong leader – astute, generous and charismatic. He will be greatly missed by all of the Arman family.

Our heartfelt condolences to his family and may God give them the strength to bear the loss.

Operational review

“Our subtle yet strategic shifts, I believe, will make profitable business growth sustainable over the medium term.”

Mr. Aalok Patel, Executive Director throws lights on Arman's performance and promise

How would you like to describe the Company's performance in 2017-18?

Excellent. For we registered a strong growth in our financial numbers – our disbursements increased by 124% from ₹241.84 crore in 2016-17 to ₹542.47 crore in 2017-18, revenue grew by 49% from ₹53.60 crore in 2016-17 to ₹80.03 crore in 2017-18 and assets under management scaled from ₹191.64 crore as on March 31, 2017 to ₹423.59 crore as on March 31, 2018. This was despite remaining steadfast on our usual conservative business policies and practices. I believe our greatest achievement this year was recovering from the demonetisation disruption unscathed, relatively speaking. Yes, our profitability and growth was reduced for 2 or 3 quarters, but we fared much better than many of our peers. I believe that is owing to our very conservative nature and reasonable growth targets. During the good days, that strategy seems like a thankless job, but during the bad days, it covers you like a warm blanket. It was nice to be vindicated to a certain extent.

How did you manage these excellent numbers?

I would not take the full credit for these growth numbers as some growth was owing to the sectoral tailwinds that catalysed it, while some of the credit goes to the unused capacity that we had built in FY 17 before the demonetisation event of November 2016. Post demonetisation and for several months after, the microfinance sector witnessed a meltdown which hampered growth and also created issues with loan recoveries. A side effect of this was that it created pent up demand in the microfinance ecosystem, as the industry significantly reduced disbursement. So, when the dark clouds dissipated for a sunny horizon, the customer pipeline swelled. As for Arman, we had spent the better part of our recent past in developing our infrastructure and branch network to be in a position to expand rapidly, and owing to the fact that our business was disrupted far less than many of our competitors, when the opportunity to expand arose, we capitalised it well!

Could you give us some sense of the additional numbers from a geographic perspective?

It has been an all-round growth for Arman. Every business vertical registered a healthy growth. And we grew business in each geography of our presence. For example, our MSME business (disbursements) grew by 7.6 times from ₹6.93 crore in 2016-17 to ₹52.67 crore in 2017-18. From a geographic perspective, our disbursements in Gujarat – our traditional bastion, increased by 51% from ₹100.85 crore in 2016-17 to ₹152.35 crore in 2017-18 for Micro Finance. However, as a part of our strategy to diversify geographically, we opened very few new branches in Gujarat. The bulk of our expansion was in the other states, namely UP, MP, and Maharashtra. Our exposure to these three states increased from ₹35 crore in 2016-17 to ₹184 crore in 2017-18. This well-rounded growth position also indicates the robustness and resilience of our business model.

How did you make the business stronger in 2017-18?

This is an interesting one, for we successfully implemented two strategies that promise to de-risk the business model further.

One, we widened our product basket. We made a significant headway in the MSME vertical, establishing ourselves as a serious participant in this business space. While there remains significant demand in the microfinance space, we do realise that it is important to diversify our product pool. We have therefore started evaluating and experimenting different products to serve Rural India, which remains our core competency. We expect to make great strides towards rural MSME in the medium-term.

Two, we widened our geographic coverage. Let me explain. While the demonetisation drive dealt a body blow to the microfinance industry, it also created opportunities. Uttar Pradesh is a glaring example. In the aftermath of this policy-led disruption, a number of deeply impacted large microfinance players had no choice but to temporarily reduce or stop their disbursements in this state, thus creating a vacuum. We were quick to leverage our network and infrastructure to capitalise on this opportunity. While this grew business at the consolidated level, it also reduced our dependence on Gujarat as our critical growth catalyst. So, while Gujarat accounted for almost 100% of our total disbursements in 2014-15, its share in the disbursement pie declined to about 50% on a consolidated basis and 38% in the Microfinance segment in 2017-18. Our

Gujarat portfolio as a percent of our total portfolio will continue to decline in the coming years as we continue to execute our strategy to shift from a regional player to a national one.

These subtle yet strategic shifts, I believe, will make profitable business growth sustainable over the medium and long term.

There were other players who have faced issues in the MSME space leading to significant NPAs. What is your competitive advantage?

There are a number of factors, which I feel have contributed to our success.

One, most other non-MFIs are largely urban-focused, while we have concentrated our presence only in rural locations.

Two, we leverage local knowledge by splitting our credit appraisal team both at a branch level and head-office level. This helps us with a good cash-flow analysis of the customers at the ground level, while also ensuring proper standards and controls at the division level.

Three, our differentiated credit appraisal system helps in securing only quality assets. Our rejections rate for MSME applications is around 70%, and we are essentially cherry-picking the best clients to build a strong foundation for our new MSME segment.

Four, our discipline of constantly staying in touch with customers (face-to-face collections). This facilitates an understanding of

the on-ground realities of our customers and proactively aligning with them.

Five, our low reliance on using our existing rural microfinance customers to cross-sell MSME loans. While this may sound counter-productive, our goals for MSME is to target customers which are one-step above the bottom-of-pyramid segment. While many of our peers are using their existing microfinance book to sell large-ticket MSME products, we believe that many microfinance customers may not be able to absorb the larger ticket-size of MSME loans, which may create a quality issue in the future.

MSME comes in many flavours, and a wide range of loan sizes. We are trying something new, and so far, it seems to be working for us. This is not to say that it is not possible to face issues in the future. That is why we have taken a conscious decision to balance growth and conservatism.

How are you building up on these initiatives?

We are working on expanding our opportunity canvass over the coming years.

From a product perspective, we are widening our product basket further. We are also considering an extension of the MSME division to include LAP (Loan against Property) loans. While we were considering adding an affordable housing loan segment in FY 19, we believe it is prudent to wait until we have a better idea of the loan quality experience in this newly evolving loan sector.

From a geographic standpoint, even as we continue to entrench our presence in North and East Uttar Pradesh, we are testing the microfinance opportunity in two new states namely Uttarakhand and Rajasthan. We have already opened two new branches in Uttarakhand through our UP operations and plan on slowly entering Rajasthan through our MP operations. In the MSME segment, we have started expanding into MP, and will create a strong foothold in that state during FY 19. If successful, these States will contribute significantly to our future growth.

Could you give some more colour to your LAP vertical?

These will be high ticket loans initially ranging between ₹2 lakh to ₹5 lakh secured against property in rural locales. We would be targeting customers who feature in the MSME category or a step above. Basically, we would be focusing on people with well-established businesses but currently unbanked. This venture would help in making our MSME branches more productive and profitable.

How do you plan to leverage your geographic expansion for other verticals?

Our businesses are closely interlinked from a knowledge perspective. Our microfinance is our turf testing tool. We use this vertical to widen our geographic horizon for important reasons – it provides us grass root information at the absolute micro level, the risk of failure is low (owing to the low ticket size) and it establishes our brand.

This is critical because the other high-ticket verticals (MSME and LAP) mandate in-depth on-ground information to establish a presence in any state. So even as our microfinance business covers 4 states (technically 5 if you include our 2 branches in Uttarakhand through our UP operations), our MSME business is only operational in Gujarat and marginally in Madhya Pradesh. We will extend this business further in Madhya Pradesh in the coming year and to other states beyond, wherever we enjoy an entrenched presence.

How are you planning to secure the funding for your growth aspirations?

We received an equity infusion from SAIF Partners, one of the most reputed private equity investment managers in India. They have invested ₹50 crore in the form of CCD which, along with accrued interest, will convert into ordinary equity share after 18 months for a net investment of about ₹57 crore after 18 months. This fresh Tier 1 capital will be used to decrease risk and increase our RBI mandated CAR ratio, which will allow us to leverage more and increase our loan book. With regard to debt, we hope to raise funds through a variety of sources which includes Public and Private Banks, Financial Institutions, Loan Assignments and Securitisation, Foreign and Domestic NCDs, etc.

What steps have you taken to leverage the digital platform to strengthen business operations?

Even as we continued to ramp up our branch network from 93 as on March 31, 2017 to 127 as on March 31, 2018, we strengthened our IT backbone with a new ERP software, E-FIMO, which promises to improve business efficiency, employee productivity and provide host of information real-time for more informed business decisions. This new software will give real-time information and interaction to the field staff in the palm of their hands through mobile-phones. On the field, I am happy to mention that in March 2018, 76% of our disbursement in microfinance was cash-less, and 100% was cash-less in 2-wheeler and MSME. We plan to increase Microfinance to 100% as well by the second quarter of FY 19.

What can shareholders expect during the current year?

What lies ahead is exciting and challenging. For while we fortify our core microfinance business, we will work on growing our new flanking verticals. For while we strengthen the core of our business model, we will endeavor to make our business operations increasingly flexible. For while we expand our horizon to new opportunities, we will focus on coming closer to our customers. And in doing so, we are confident of growing shareholder value.

Looking forward to in 2018-19

Microfinance segment

- Strengthen presence in selected parts of this large space
- Establish a meaningful presence in Rajasthan and a small presence in Uttarakhand
- Intensify the use of the digital platform for faster and accurate processing – thereby enhancing the value-proposition for the customer

Other verticals

- Continue growing in the 2-wheeler segment by offering a competitive product in the most customer-friendly manner.
- Grow the MSME vertical by widening geographic coverage and increasing product awareness
- Create the LAP vertical with the necessary infrastructure and resources and spread awareness of the products.

Management discussion and analysis

Indian economy

What initially appeared to be a year of despair and gloom, turned out to be one of healthy growth which ended on a promising note.

In many ways, 2017-18 was a defining year for the Indian economy. India completely reset its indirect tax system to a comprehensive GST while still experiencing the impact of the demonetisation shock of November 2016. Call them disruptions or structural reforms, the result of these two reforms was evident as India's GDP growth dipped to 6.7% in 2017-18 against 7.1% in 2016-17.

The GDP growth rate tumbled down to 5.6% and 6.3% in Q1 and Q2 of the year due to the prolonged impact of demonetisation.

Interestingly, India has been able to shrug off the blues as she registered a GDP growth of 7.0% for Q3 of 2017-18 followed by a growth of 7.7% in Q4 of 2017-18 (the highest in any quarter since demonetisation).

Despite a lackluster performance of the industrial sector in the first half of 2017-18, the IIP registered a robust growth in the second half. Moreover, consumer inflation moderated to a five-month low in March, providing a double boost to the economy and the government. High industrial growth suggests a

strengthening economic recovery while lower inflation reduces the chances of the Reserve Bank of India raising interest rates soon.

Estimates for tomorrow: The emerging narrative on the Indian economy, spelt out by the Economic Survey 2017-18 and reaffirmed by the World Bank and credit rating agencies, is of one that has shrugged off the blues and India is set to achieve a 7.3% growth in 2018-19 and progress even higher thereafter.

the past 7 years

The highs...

- India emerged as the most competitive country in South Asia, appearing at No. 40 in the global competitiveness ranking of 137 countries by the World Economic Forum.
- India jumped up by 30 notches into the top 100 rankings on the World Bank's 'ease of doing business' index, consequent to major improvements in indicators such as resolving insolvency, paying taxes, protecting minority investors and getting credit.
- India topped management consulting firm AT Kearney's 2017 Global Services Location Index for the eighth consecutive year and extended its lead over other countries from 0.47 last year to 0.76 in 2017.

...and lows!

- India Inc. and the average Indian took time to realign themselves to the new GST regime which took a toll on the Indian economy in general and the industrial sector in particular.
- The banking sector was plagued with rising NPAs which thwarted their ability to support growth initiatives; the recent scams also cast a dark shadow on the fragile nature of the banking system.

India and cash

The Reserve Bank of India and banks annually spend around ₹21,000 crore (US\$3.5 billion) in currency operations costs.

The scale of this burden is unique to India considering that it is among the most cash-intensive economies in the world with a cash-to-GDP ratio of 12% (March 31, 2017), almost four times as much as other markets such as Brazil (3.93%), Mexico (5.3%) and South Africa (3.73%).

There are many reasons why India has to pay such a high price for its payments. One, is the need to frequently reissue notes due to poor handling — low-value notes have to be replaced in less than a year. Two, is the need to frequently upgrade security features and replace old notes. There is a huge cost in pulling old notes out of circulation and replacing them. India also has unique issues in logistics and in some places the currency notes have to be transported by helicopter.

India: Evolving from cash to a less-cash economy

Demonetisation did rock the boat last November, but India's love affair with cash is well and truly back on track.

In fact, the romance has returned with such vigour that the currency with the Indian public at the end of October 2017 stood at Rs 15.48 lakh crore, as the latest data available with the Reserve Bank of India (RBI) shows. That's only about 9% less than the Rs 16.98 lakh crore the public held on Oct. 14, 2016, only a few weeks before demonetisation.

The Central Government's move to render two high-value currency notes illegal has done little to reduce India's dependence on cash. The government's key rationale for demonetisation was to curb the circulation of black money and making India's economy less cash-dependent.

This led to a spurt in digital transactions, but only temporarily. For the growth in electronic payments is declining and going back to the pre-currency ban levels. The only long-term gain (of demonetisation) is probably the less use of cash.

Women and work

I) The statistical reality

In India, women are less likely to work than they are in any other country in the G20 (except for Saudi Arabia). They contribute one-sixth of the economic output, among the lowest shares in the world and half the global average. The unrealised contribution of women is one reason for India remaining so poor.

As opposed to joining the labour force, women have been falling away at an alarming pace. The female employment rate in India, counting both the formal and informal economy, has tumbled from an already-low 35% in 2005 to just 26% now. In that time the economy has more than doubled in size and the number of working-age women has grown by a quarter, to 470 million. Yet nearly 10 million fewer women are in jobs.

A rise in female employment rates up to the male level would provide India with an extra 235 million workers, more than the EU has of either gender, and more than enough to fill all the factories in the rest of Asia.

Were India to rebalance its workforce in this way, the IMF estimates, the world's biggest democracy would be 27% richer.

Women who work are likelier to invest more in their children's upbringing, and to have more say over how they lead their lives.

2) The real perspective

Women's participation in work is an indicator of their status in a society.

Where women's work participation rates are relatively low, it is safe to say that the surrounding society isn't giving women the capacities, opportunities and freedom to engage in productive work, nor recognising the vast amount of work performed by women as unpaid labour.

Estimates of employment in India are based on surveys conducted periodically (not every year) by the National Sample Survey Office (NSSO). However, this definition of employment excludes some important activities that are definitely work (sometimes very hard work) and contribute critically to the economy, but are not recognised as such by the surveys – or by policymakers and society.

In India's NSSO definition, one category excluded from employment (and therefore even from being counted in the labour force) is code 92: those who "attended to domestic duties only". That includes all the activities that constitute the care economy, that is looking after the young, the sick and the elderly as well as other healthy household members, cooking, cleaning and provisioning for the family, and so on. Another category excluded is code 93: those who "attended to domestic duties and were also engaged in free collection of goods (vegetables, roots, firewood, cattle feed), sewing, tailoring, weaving, etc for household use".

What has happened is not a decline in women's work participation, but a shift from recognised work to unpaid work. If such women are actually counted among workers, as indeed they should be with the new definition adopted by the ILO in 2014, then the picture changes completely.

Women's workforce participation rate in 1999-2000 increases to a whopping 89% in rural areas, and only declines to 85% in 2011-12 (a decline that can be completely explained by more enrolment in education among the 15-24 age group). In urban areas, the participation rate increases to 81% in 1999-2000 and remains around the same at 80% in 2011-12.

So what has actually happened is not a decline in women's work participation as such, but a shift from paid or recognised work to unpaid work. This is a dispiriting shift, because it is also typically associated with women's and girls' loss of agency and bargaining power within the family.

The invisibility of such women workers is appalling because such work is essential to the survival of society and provides a huge and unnoticed subsidy to the "formal" economy.

It is also inefficient and unjust, and adds significantly to the relational inequalities that are so entrenched in the Indian society. It disempowers even paid women workers, since what women do is undervalued, and contributes to large gender gaps in wages. And it allows policymakers to forget about the conditions of hundreds of millions of workers on whom the entire economy depends.

89%

of Arman's customers are women of which, 84% are located in rural areas and are using our loans for income generating activities to increase household income.

Microfinance sector

In India particularly, microfinance has reached an important inflection point. Many larger MFIs have transformed into Small Finance Banks and will have access to deposits, which theoretically, will allow them to reduce their costs of borrowings, and provide greater operational leverage.

FinTech is reshaping financial services and particularly the MFI sector in many ways. New age players are disrupting the micro-credit segment using digital data and technology. Some MFIs are making transformative changes in the ecosystem by embracing technology, establishing enduring partnerships, diversifying product portfolio and moving beyond the traditional group lending model. However, the viability of such models remains to be seen.

Going forward, MFIs will need to initiate strategic transformation in key areas of business:

(i) MFIs will need to broaden their range of loan products to include MSME, housing loans, clean energy loans, working capital loans, as well as other financial products such as micro-insurance. This will necessitate diversifying the customer segments from the current group-lending segment to adjacent and more affluent individual segments.

(ii) As the loan process gets unbundled, the MFI industry will witness technology becoming an integral part of the microfinance ecosystem. New age players will use data, algorithms, and possibly machine learning to help MFIs with digital on-boarding and more efficient credit assessment.

(iii) MFIs will need to build strong partnerships to offer more products and services and enhance efficiencies.

(iv) MFIs will need to look at models that enable relaxation of formal group liability, although the group structure will continue to facilitate interaction and offer incentives for peer support

(v) With the advent of mobile-wallets and electronic-money, financial literacy has become dependent on digital literacy and MFIs will need to invest in technology and establish a strong mobile presence through interactive applications

(vi) MFIs will need to take digital initiatives which are aimed to provide competitive advantage and customer delight. MFI also need to take big tech strides towards cashless transaction which will increase ease of doing business.

Performance in 2017-18

On the basis of the data reported by lending institutions as on 31 March 2018, the microfinance industry has total loan portfolio (i.e. loan amount outstanding) of ₹1,36,633 crore. This represents a growth of 27% over FY 16-17.

As of 31 March 2018, banks hold the largest share of portfolio in micro-credit, with total loan outstanding of ₹50,418 crore. This includes both direct lending as well as indirect lending through BC partnerships. Banks thus account for almost 38% of the total micro-credit universe.

NBFC-MFIs as a group remain the second largest providers of micro-credit with a loan amount outstanding of ₹44,892 crore (excluding BC portfolio channelled through NBFC-MFIs), accounting for 28% of total industry portfolio (i.e. loan amount outstanding).

The NBFC-MFI segment has successfully overcome the significant disruption caused by the demonetisation drive, registering a smart jump in business and a sharp recovery in business efficiency reflected in improved collections and declining NPAs from September 2017. Average loan outstanding per account was ₹19,031 representing a growth of 20% over FY 16-17.

Microfinance in Asia: A Mosaic

The financial inclusion movement in developing economies, especially that of Asia and South- East Asia, is gaining momentum. This isn't without reason. In Asia alone, fewer than 27% of adults have an account in a formal financial institution and only 33% of enterprises report having a line of credit or loan from a financial institution. It is in this context that the importance of Microfinance in enabling developing economies to foster the climate of Financial Inclusion gets underlined.

Business overview

“The whole is more than the sum of parts.”

Aristotle

This holds true for Arman. With each passing year, the success of each revenue vertical scales the Arman brand a few notches higher.

The success of every business vertical makes the Arman brand larger than its competitors.

Arman, a category 'A' Non-Banking Finance Company (NBFC), operates primarily in the unorganised and underserviced segment of the economy and mostly serves niche markets.

With more than two decades of experience in lending, the Company is making an important contribution in the India's financial inclusion across 5 states in India.

The USP of the Company's business model is very close customer interaction and relationships and a deep understanding of customer needs which enables it to align its offering with customer needs and bring in high operating efficiencies within the system. What separates Arman from banks and other NBFCs is the last mile credit delivery system.

Business overview

This is the flagship division of the Company accounting for more than 66% of the Company revenue. The Microfinance business is operated thru Arman's wholly owned subsidiary, Namra Finance Ltd., which is a licensed NBFC-MFI.

The Company provides unsecured loans exclusively for income-generating activities to women of economically poor and socially neglected communities in 53 districts in five states of India.

As a locational discipline, the Company focuses on establishing its presence in small rural pockets that are largely uncluttered with an MFI presence, but which enjoy a culture of financial discipline.

The Company's institutionalised process, discipline, and robust credit filters facilitate in maintaining asset quality. In addition, the Company's stringent disbursement discipline helps in avoiding over-leverage to any particular client – enabling superior collection efficiency.

Business performance, 2017-18

It was the best year for the Microfinance business as the Company made up for the business loss consequent to the demonetisation drive. Disbursements during the year increased by 152%, from ₹159.00 crore in 2016-17 to ₹400.06 crore in 2017-18. Consequently, revenue increased by 42%, from ₹37.02 crore in 2016-17 to ₹52.72 crore in 2017-18 and the AUM jumped by 132%, from ₹123.88 crore as on March 31, 2017 to ₹287.46 crore as on March 31, 2018. Number of active customers increased from 1,02,716 as on March 31, 2017 to 1,98,751 as on March 31, 2018, a 94% increase.

Fiscal 2017-18 was particularly important owing to the Company's success in Uttar Pradesh. The Company was able to make significant inroads in this state and capitalised on the vacuum created due to some MFIs reducing their exposure in this area. The Company strengthened its presence by adding 19 branches and recruited a local and experienced team which facilitated in accurate area and client selection. In keeping with its

conservative approach, the team tightened its appraisal norms, kept the loan size small (average loan size was about ₹20,177 per customer) and maintained 100% cash-less disbursement. These factors helped in achieving a Portfolio-At-Risk Greater Than 30 Days (PAR-30) of 0.68% from this state.

To improve collection efficiencies, the Company created a dedicated recovery team for collection of demonetisation related overdue amounts. This step yielded heartening returns – the team recovered ₹82.81 lakh out of the written off loans during 2017-18. In addition, the Company tested the microfinance opportunity in two new states namely Uttarakhand (through its Uttar Pradesh operations) and will also be foraying into Rajasthan (through its Madhya Pradesh presence) in the coming fiscal year.

Business priorities

The Company is focused on maintaining a 50% annual growth in this business. Towards this end, it has drawn a strategic road map that could facilitate in achieving its growth aspiration

- Establish a meaningful presence in new states – Rajasthan and Uttarakhand
- Strengthen presence in the other pockets of Uttar Pradesh and Maharashtra

In addition, the Company plans to leverage digital solutions to improve field officer productivity and optimise the turnaround time between loan application and disbursement.

Business overview

This is the oldest business vertical for the Company which is concentrated in Gujarat. Over the years, the Company established its competence through a growing presence in a number of towns and cities in this state.

While the Company does have six branches for this business, majority of the vehicle finance business works from the dealerships. The Company secures business from about a network of about 60 dealers; the customers are attended to by the Company's staff present at the dealer offices.

In this urban centric, highly-competitive, cash-less business, the Company has been able to sustain its growth owing to its value-proposition comprising flexibility in terms of loan tenure, initial down payment, processing fees, instalments and service speed.

Business performance, 2017-18

The vehicle finance business registered a healthy growth in disbursements and revenue. While disbursements and AUM grew by 13% and 17%, respectively, over the previous year; revenue increased by 24% over the same period. During the year, the Company implemented important initiatives that catalysed growth:

- Reduced the interest rates in line with competitive pressure
- Revamped its dealership network aligning with its growth aspiration
- Recruited experienced members to its sales force which aided in driving growth

13.62

Business achieved in the Diwali period (₹ crore) was significantly higher than expected.

Business priorities

While concentrating its presence only in Gujarat to leverage its local presence and its healthy relations with its dealers, the Company will continue to sustain a double-digit growth. To improve customer experience, the Company plans to leverage the digital platform to accomplish its aim of providing service at its customer's finger tips.

Business overview

This is the newest business vertical for the Company and one we hope will become a major vertical after the Microfinance division.

MSME venture is an extension of microfinance. So far, these are individual non-group unsecured loans, and we are working to expand this division to include secured LAP loans as well during the coming fiscal year. This venture provides financial support to small and medium enterprises operating in rural India, which was hitherto deprived of formal funding options. As a start, the Company established its presence in Gujarat and Madhya Pradesh, disbursing loans with ticket sizes ranging between ₹40,000 and ₹150,000, within the non-salaried rural segments. In addition to leveraging local knowledge to ascertain prospective opportunities and worthy clients, the Company has institutionalised robust operational systems with multi-level checks and balances to ensure good quality assets.

As this vertical is new, the Company is taking an extremely conservative approach, with customer rejection rates between 60-70%. The Company's USP is collection from its customer's door step, which facilitates regular contact with customers.

Business performance, 2017-18

This business registered healthy growth as the team widened its business operations and intensified its product awareness. The Company opened 10 branches in Gujarat and Madhya Pradesh which added 11363 customers. In the first full year of operations, this vertical registered disbursement of ₹52.67 crore and generated revenue of ₹6.93 crore. Despite currently being a small vertical, this venture holds the potential to emerge as an important business and profitability driver over the medium term.

Business priorities

Increasing focus on the Make in India drive is fuelling the aspiration of the middle and small enterprises to grow their business. The Company is focused on capitalising on this optimism by strengthening its penetration in existing states even as it continues to widen its presence in states in which it is operating for its microfinance business.

Risk management

“The biggest risk is not taking any risk.”

Mark Zuckerberg

At Arman, the risk management framework encompasses strategy and operations and seeks to proactively identify, address and mitigate existing and emerging risks. The risk management framework goes far beyond traditional boundaries and seeks to involve all key managers of the Company.

Growth risk: The Company may not be able to sustain business growth going forward.

Mitigation: Arman has reported a healthy growth in its performance in 2017-18. To sustain its growth momentum, the management is creating avenues in existing verticals and is strategising on capitalising new opportunities:

- For the microfinance business, the

Company plans to enter two new states namely Rajasthan and Uttarakhand which are contiguous to its existing coverage.

- For the MSME business, the Company plans to strengthen its presence in existing states even as it is strategising to establish its presence in new states.
- As a part of the MSME division, the Company is planning to initiate Loans against Property (LAP) which, over the coming years, promises to emerge as an important business and profitability driver.

Competition risk: Increasing competition from small finance banks could impact the Company's growth and profitability.

Mitigation: Arman's sustained growth over the years, despite intense competition is owing to its de-risking strategy – to establish a presence in areas that are un-served or under-serviced by the financial sector. As a further de-risking, the Company is creating other niche

revenue verticals, hitherto uncluttered by competition, leveraging its expertise in financial services and local knowledge. These should facilitate in reducing the overdependence of the Company's growth on the microfinance vertical. The Company continues to adapt and explore new niche rural products for the rising Indian masses.

Geographic concentration risk: Overdependence on a particular state for business growth could be detrimental.

Mitigation: Arman has moved beyond its historic stronghold of Gujarat and into other neighbouring states. Currently, the Company's operations are spread across 3 divisions and 5 states. While this geographic expansion widens the opportunity canvass for the Company, it also reduces the dependence on any one state for business growth. Few years ago, Gujarat accounted for more than 85% of the consolidated disbursements; today that proportion has declined to a little over 50%, even as business from each state continues to grow. In our largest division, Microfinance, AUMs in Gujarat have declined from 65% in Fiscal 16-17 to 38% in Fiscal 17-18. This trend will continue as we explore other states as a part of our Pan-India expansion strategy.

Funding risk: Securing the requisite funds would become essential for growing the business.

Mitigation: Arman's strengthening business model, widening presence and growing opportunities have attracted key investors to partner with the Company in its corporate journey. In 2017-18, the Company received a ₹50 crore equity infusion from SAIF Partners in the form of CCD's. This will allow the Company to increase its loan portfolio over the coming years while continuing to align with the RBI mandated CAR ratio. For debt funding, at the end of 2017-18 the Company had active loans from 28 varied and diverse institutions. This number continues to increase every quarter.

Service risk: maintaining service quality even as business continues to expand geographically and in scale could be a challenge.

Mitigation: At Arman, sustainable growth is the mantra. In keeping with this goal, the Company focuses on recruiting local knowledge proximate to its branch offices (but posted at least 50 km away) which brings on board in-depth knowledge on the people, their mind-set and hence the growth opportunity. More importantly, recruiting local residents facilitates in providing superior services to customers in the vicinity and help with local

languages, and dialects. Arman has a strong policy for internal promotions, and prefers to recruit at a lower level. This ensures that managers at all levels understand ground realities and are capable of understanding situational challenges. Arman has a strong centralised training and customer grievance redressal system. In addition, the Company is leveraging the digital platform, which will facilitate in reducing the turnaround time between application and disbursement – strengthening its service quotient to its customers. This would also help in optimising cost of operations and improving business profitability.

Quality risk: Maintaining a superior asset portfolio is critical to business sustainability.

Mitigation: At Arman the passion for quality assets is reflected in its conservative business approach which focuses on profitable business growth as opposed to aggressive scale-led growth. This is one of the primary reasons that Arman was able to isolate, manage and recover quickly from the sectoral meltdown post the demonetisation drive. From an operational perspective, the reliance on local resources, use of data from multiple credit bureaus, a prudent mix of authority and responsibility at the field level and multi-level checks help in improving asset quality. This relentless pursuit of quality assets is reflected in a lesser-than industry net NPA and a healthy bottomline growth.

2. OPERATIONS

Your Company is engaged in the business of Asset Finance, MSME and Microfinance. The Parent Company, Arman Financial Services Limited, is engaged in Asset Finance viz. two-wheeler finance and MSME; while the Microfinance business is managed through Arman's wholly owned subsidiary, Namra Finance Limited. The financial statements of both Arman and Namra, as well as the consolidated financials of Arman are included within the Annual Report.

Financial year 2017-18 was a remarkable year for the Company, in many ways. The first two quarters were defined by steady recovery after the demonetization event of November 2017. The last two quarters were of unparalleled growth in Disbursements, Assets Under Management (AUM), and Profits as well. The AUM of the Company increased from ₹192 crores to ₹424 crores, a 121% increase. Consolidated disbursements totaled ₹542 crores compared to ₹247 crores the previous year, a 119% increase.

In FY 2018, the Board and the Shareholders approved

an equity infusion by a SAIF Partners managed fund. The deal was concluded in April 2018. INDEPENDENT AUDITOR'S REPORT

To,
The Members of
ARMAN FINANCIAL SERVICES LIMITED
Ahmedabad

1. Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of ARMAN FINANCIAL SERVICES LIMITED (hereinafter referred to as "Holding Company") and its one subsidiary (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the Consolidated Balance Sheet as at 31st March, 2018, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

2. Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the group are responsible for maintenance of adequate accounting records in accordance with the provisions of the act for safeguarding the assets of the group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements

that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

3. Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the act and the rules made thereunder.

We conducted our audit in accordance with the standards on auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:-

- i. In the case of the Consolidated Balance Sheet, of the state of affairs of the group as at 31st March, 2018;
- ii. In the case of the Consolidated statement of Profit and Loss, of the profit for the year ended on that date; and
- iii. In the case of the Consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

5. Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards

specified under Section 133 of the Act.

- e. On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2018 taken on record by the Board of Directors of Holding Company and the Reports of the Statutory Auditors of its subsidiary companies, none of the directors of the group companies, is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the group and the operating effectiveness of such controls, refer to our separate Report in "Annexure-A".
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. (Refer Note-22 to the consolidated financial statements).
 - ii. The group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amount, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and there were no amounts which were required to be transferred to the Investor Education and Protection Fund by Subsidiary Company incorporated in India.

ANNEXURE "A" TO THE CONSOLIDATED AUDITOR'S REPORT

Referred to in paragraph 5 (i)(f) of our Report of even date to the Members of ARMAN FINANCIAL SERVICES LIMITED for the year ended 31st March, 2018.

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March, 2018, We have audited the internal financial controls over financial reporting of ARMAN FINANCIAL SERVICES LIMITED (hereinafter referred to as "Holding Company") and its one Subsidiary Company, which is a Company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding Company, its Subsidiary Company, which is a Company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the "Guidance Note") issued by

the ICAI and the standards on auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those standards and the guidance note require that I/we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained terms of their reports referred to in the other matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are

recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its Subsidiary Company, which is a Company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India.

INDEPENDENT AUDITOR'S REPORT

To,
The Members of
ARMAN FINANCIAL SERVICES LIMITED
Ahmedabad

1. Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **ARMAN FINANCIAL SERVICES LIMITED** ("the Company"), which comprise the Balance Sheet as at **31st March, 2018**, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

2. Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone Financial Statements based on our audit.

We have taken into account the provisions of the Act,

the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder .

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

4. OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:-

- i. In the case of the Balance Sheet, of the state of affairs of the Company as at **31st March, 2018**;

- ii. In the case of the Statement Profit and Loss, of the profit for the year ended on that date; and
- iii. In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

5. Report on Other Legal and Regulatory Requirements

- (i) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure-A" statement on the matters specified in paragraphs 3 and 4 of the Order.
- (ii) As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure-B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. (Refer Note-22 to the financial statements).
 - ii. The Company did not have any outstanding long-term contracts including derivative contracts as at 31st March, 2018 for which there were any material foreseeable losses; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE "B" TO INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 5(ii)(f) of our Report of even date to the Members of ARMAN FINANCIAL SERVICES LIMITED for the year ended 31st March, 2018.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of ARMAN FINANCIAL SERVICES LIMITED as of 31st March 2018, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the "Guidance Note") and the standards on auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether

adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding

prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial

reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

Significant Accounting Policies :

a. Basis of preparation

The financial statements have been prepared under the historical cost convention and on accrual basis and in accordance with Generally Accepted Accounting Principles in India (Indian GAAP) except interest on loans which have been classified as non-performing assets and are accounted for on realization basis. The said financial statements comply in all material respects with Accounting Standards notified under section 133 of the Companies Act, 2013 ("the Act"), read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of RBI as applicable to a Non Banking Financial services (NBFC).

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

All assets and liabilities have been classified as current or non - current as per the Companies normal operating cycle as 12 months for the above purpose.

b. Use of estimates

In preparing the Company's financial statements in conformity with the accounting principles generally accepted in India, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in the current and future periods.

c. Revenue Recognition

Revenue is recognized to the extent that it is probable that economic benefits will flow to the company and the revenue can be measured reliably.

i. Interest from Loans

Interest income on the loans granted is recognised on accrual basis and when no significant uncertainty as to collectability exists. Income on non performing assets is recognized when realized as per the guidelines for prudential norms prescribed by the Reserve Bank of India.

ii. Income from Assignment

In case of assignment of receivables "at premium", the assets are de-recognised since all the rights, title and future receivables are assigned to the purchaser. The interest spread arising on assignment is accounted over the residual tenor of the underlying assets.

iii. Other Interest Income

Other Interest Income is recognized on accrual basis.

iv. Processing Fees

Processing fees on processing of loans are recognized upfront as income.

v. Late Payment Charges

Income in case of late payment charges are recognized as and when realized.

vi. Insurance Commission

Insurance Commission is recognized when there is no uncertainty regarding its receipt.

vii. Income from Investments

Dividend from investments is accounted for as income when the right to receive dividend is established.

d. Property, Plant & Equipment

All the Property, Plant & Equipments are stated at cost less depreciation. The cost of assets includes other direct/indirect and incidental cost incurred to bring them into their working condition.

When assets are disposed or retired, their cost is removed from the financial statements. The gain or loss arising on the disposal or retirement of an asset is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss for the relevant financial year.

Depreciation

The depreciation on assets for own use is provided on "Straight Line Method" as per useful life specified in schedule II to the Companies Act, 2013 on Pro-rata Basis.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

Useful life of assets is as under:

SR No.	Name of Asset	Useful Life
1	Building	60 Years
2	Furniture & Fixtures	10 Years
3	Office Equipment	10 Years
4	Vehicles- Motor Cycle	10 Years
5	Vehicles- Motor car	8 Years
6	Computers	3 Years
7	Intangible Assets	5 Years

When assets are disposed or retired, their accumulated depreciation is removed from the financial statements. The gain or loss arising on the disposal or retirement of an asset is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss for the relevant financial year.

e. Investments

Long term investments are stated at cost. Provision is made for any diminution in the value of the long term investments, if such decline is other than temporary. The Company does not have any current investments.

f. Retirement Benefits

- The Employee and Company make monthly fixed contribution to government of India employee's provident fund equal to a specified percentage of the covered employee's salary. Provision for the same is made in the year in which services are rendered by the employee.
- The liability for gratuity to employees, which is a defined benefit plan, as at Balance Sheet date determined on the basis of actuarial valuation based on projected unit credit method is funded to a gratuity fund administered by the trustees and managed by Life Insurance Corporation of India and the contribution thereof paid/payable is absorbed in the accounts.
- The Company does not allow carry forward of unavailed leave and hence unavailed leaves are encashed in the current year itself.
- Short term benefits are recognised as an expense at the undiscounted amounts in the statement of profit and loss of the year in which the related service is rendered.

g. Borrowing Cost

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost such assets, whenever applicable, till such assets are ready for their intended use. A qualifying asset is the one which necessarily takes substantial period to get ready for intended use. All other borrowing costs are charged to revenue accounts. Capitalization of borrowing cost is suspended when active development is interrupted.

h. Segment Information

In the opinion of the management, the Company is mainly engaged in the business of providing finance. All other activities of the Company revolve around the main business, and as such, there are no separate reportable segments as per Accounting Standard 17 -'Segment Reporting" notified under section 133 of the Companies Act, 2013 ("the Act") read with Rule 7 of the Companies (Accounts) Rules, 2014.

i. Lease

The Company's significant leasing arrangements are in respect of operating lease for premises that are cancelable in nature. The lease rentals paid under such agreements are charged to the statement of profit and loss.

j. Provision for Current and Deferred Tax

Provision for current tax is made after taking into consideration benefits admissible under the provision of the Income Tax Act, 1961.

Deferred tax resulting from "timing difference" between taxable and accounting income is accounted for using the tax rates and laws that are enacted or subsequently enacted as on the balance sheet date. Deferred tax asset is recognised and carried forward only to the extent that there is virtual certainty that the assets will be realized in future.

k. Intangible Assets

Intangible assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization. All costs, including financing costs till commencement of commercial production, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets are capitalized.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

Intangible assets are amortized on a straight – line basis over their estimated useful lives. A rebuttable presumption that the useful life of an intangible asset will not exceed than years from the date when the asset is available for use is considered by the management. The amortization period and the amortization method are reviewed at least at each reporting date. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

The gain or loss arising on the disposal or retirement of an intangible asset is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognised as income or expenses in the Statement of Profit and Loss in the year of disposal. Intangible assets are amortized on a straight – line basis over 5 years.

l. Earnings per Share

Basic earnings per share is calculated by dividing net profit after tax for the year attributable to equity shareholders of the Company by the weighted average number of equity shares issued during the year. Diluted earnings per share is calculated by dividing net profit attributable to equity shareholders (after adjustment for diluted earnings) by average number of weighted equity shares outstanding during the year.

m. Impairment

The management periodically assesses, using external and internal sources whether there is an indication that an asset may be impaired. If an asset is impaired, the Company recognizes an impairment loss as the excess of the carrying amount of the asset over the recoverable amount.

n. Provision, Contingent Liabilities and Contingent Assets

A provision is recognized when there is a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

A disclosure for a contingent liability is made when there is a possible or present obligation that may, but probably will not require an outflow of resources. Contingent assets are neither recognized nor disclosed in the financial statements.

o. Transfer and recourse obligation under Debt Securitization

The Company assigns assets under securitization transactions. The assigned loans / assets are derecognized and gains / losses are recorded on assignment of loan contracts. Recourse obligation with respect to Debt Securitizations with other financiers is provided in books as per past track records of delinquency / servicing of the loans of the Company.

p. Classification and Provision Policy for Loan Portfolio

(i) Classification of Loan Portfolio

Provision for loans and advances are made as per directions issued by Reserve Bank of India for Non Banking Financial (Non Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007 as amended from time to time.

INDEPENDENT AUDITOR'S REPORT

To,
The Members of
NAMRA FINANCE LIMITED
Ahmedabad

1. Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of NAMRA FINANCE LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

2. Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3. Auditors' Responsibility

Our responsibility is to express an opinion on these Standalone Financial Statements based on our audit.

We have taken into account the provisions of the Act,

the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements

4. OPINION

ANNEXURE "B" TO INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 5(ii)(f) of our Report of even date to the Members of NAMRA FINANCE LIMITED for the year ended 31st March, 2018.

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of NAMRA FINANCE LIMITED as of 31st March, 2018, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the "Guidance Note") and the standards on auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those standards and the guidance note require that we comply with ethical requirements and plan and

perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding

prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects,

an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

Significant Accounting Policies :

a. Basis of preparation

The financial statements have been prepared under the historical cost convention and on accrual basis and in accordance with Generally Accepted Accounting Principles in India (Indian GAAP) except interest on loans which have been classified as non-performing assets and are accounted for on realization basis. The said financial statements comply in all material respects with Accounting Standards notified under section 133 of the Companies Act, 2013 ("the Act"), read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of RBI as applicable to a Micro Finance Institution – Non Banking Financial Company ("NBFC-MFI").

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

All assets and liabilities have been classified as current or non – current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. The Company has ascertained its operating cycle as 12 months for the above purpose.

b. Use of estimates

In preparing the Company's financial statements in conformity with the accounting principles generally accepted in India, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in the current and future periods.

c. Revenue Recognition

Revenue is recognized to the extent that it is probable that economic benefits will flow to the Company and the revenue can be measured reliably.

i. Interest from Loans

In respect of Micro finance activity, interest income on the loans granted is recognised on accrual basis and income on non-performing asset is recognized

only when realized and any such income recognized before the asset became non-performing and remaining unrealized is reversed.

ii. Income from assignment/securitization

In case of assignment of receivables "at premium", the assets are de-recognised since all the rights, title and future receivables are assigned to the purchaser. The interest spread arising on assignment is accounted over the residual tenure of the underlying assets as per guideline on securitization of standard assets issued by RBI.

iii. Other interest income

Other interest income is recognized on accrual basis.

iv. Processing fees

Processing fees on processing of loans are recognized upfront as income.

v. Late Payment Charges

Income in case of late payment charges are recognized as and when realized.

d. Property, Plant & Equipment

All the Property, Plant & Equipments are stated at cost less depreciation. The cost of assets includes other direct/indirect and incidental cost incurred to bring them into their working condition.

When assets are disposed or retired, their cost is removed from the financial statements. The gain or loss arising on the disposal or retirement of an asset is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss for the relevant financial year.

Depreciation

The depreciation on assets for own use is provided on "Straight Line Method" as per useful life specified in Schedule II to the Companies Act, 2013 on Pro-rata Basis.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

Useful life of assets is as under:

SRN	Name of Asset	Useful Life
1	Furniture & Fixtures	10 Years
2	Vehicles-Motor Cycle	10 Years
3	Vehicles- Motor Car	8 Years
4	Office Equipments	5 Years
5	Computers	3 Years
6	Intangible Assets	5 Years

When assets are disposed or retired, their accumulated depreciation is removed from the financial statements. The gain or loss arising on the disposal or retirement of an asset is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss for the relevant financial year.

e. Investments

Long term Investments are stated at cost. Provision is made for any diminution in the value of the long term investments, if such decline is other than temporary. The Company does not have any current investments.

f. Retirement Benefits

- i. The Employee and Company make monthly fixed contribution to government of india employee's provident fund equal to a specified percentage of the covered employee's salary. Provision for the same is made in the year in which services are rendered by the employee.
- ii. The liability for gratuity to employees, which is a defined benefit plan, as at Balance Sheet date determined on the basis of actuarial valuation based on projected unit credit method is funded to a gratuity fund administered by the trustees and managed by Life Insurance Corporation of India and the contribution thereof paid/ payable is absorbed in the accounts.
- iii. The Company does not allow carry forward of unavailed leave and hence unavailed leaves are encashed in the current year itself.
- iv. Short term benefits are recognised as an expense at the undiscounted amounts in the statement of profit and loss of the year in which the related service is rendered.

g. Lease:

The Company's significant leasing arrangements are in respect of operating lease for premises that are cancelable in nature. The lease rentals paid under such agreements are charged to the statement of profit and loss.

h. Intangible Assets

Intangible assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization. All costs, including financing costs till commencement of commercial production, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets are capitalized.

Intangible assets are amortized on a straight – line basis over their estimated useful lives. A rebuttable presumption that the useful life of an intangible asset will not exceed than years from the date when the asset is available for use is considered by the management. The amortization period and the amortization method are reviewed at least at each reporting date. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

The gain or loss arising on the disposal or retirement of an intangible asset is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognised as income or expenses in the Statement of Profit and Loss in the year of disposal.

Intangible assets are amortized on a straight – line basis over 5 years.

i. Segment Information:

In the opinion of the management, the Company is mainly engaged in the business of Micro-finance. All other activities of the Company revolve around the main business, and as such, there are no separate reportable segments as per Accounting Standard 17 -'Segment Reporting" notified under section 133 of the Companies Act, 2013 ("the Act"), read with Rule 7 of the Companies (Accounts) Rules, 2014

j. Provision for Current and Deferred Tax

Provision for current tax is made after taking into

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

consideration benefits admissible under the provision of the Income Tax Act, 1961.

Deferred tax resulting from "timing difference" between taxable and accounting income is accounted for using the tax rates and laws that are enacted or subsequently enacted as on the balance sheet date. Deferred tax asset is recognised and carried forward only to the extent that there is virtual certainty that the assets will be realized in future.

k. Borrowing Cost

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost such assets, whenever applicable, till such assets are ready for their intended use. A qualifying asset is the one which necessarily takes substantial period to get ready for intended use. All other borrowing costs are charged to revenue accounts. Capitalization of borrowing cost is suspended when active development is interrupted.

l. Earnings per Share

Basic earnings per share is calculated by dividing net profit after tax for the year attributable to equity shareholders of the Company by the weighted average number of equity shares issued during the year. Diluted earnings per share is calculated by dividing net profit attributable to equity shareholders (after adjustment for diluted earnings) by average number of weighted equity shares outstanding during the year.

m. Impairment

The management periodically assesses, using external and internal sources whether there is an indication that an asset may be impaired. If an asset is impaired, the Company recognizes an impairment loss as the excess of the carrying amount of the asset over the recoverable amount.

n. Provision, Contingent Liabilities and Contingent Assets

Share issue expenses incurred are expensed out in the year of issue.

o. Transfer and recourse obligation under Debt Securitization

The Company assigns assets under securitization

transactions. The assigned loans / assets are derecognized and gains / losses are recorded on assignment of loan contracts. Recourse obligation with respect to Debt Securitizations with other financiers is provided in books as per past track records of delinquency / servicing of the loans of the Company.

p. Provision, Contingent Liabilities and Contingent Assets :

A provision is recognized when there is a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

A disclosure for a contingent liability is made when there is a possible or present obligation that may, but probably will not require an outflow of resources. Contingent Assets are neither recognized nor disclosed in the financial statements.

q. Accounting policies not specifically referred to otherwise are consistent with generally accepted accounting principles.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Item No: 5

The Board of Directors, by way of circular resolution dated 01.08.2018, approved the appointment of Mr. Alok Prasad (DIN-00080225) as an Additional Director (Independent) of the Company to hold office for a period of five consecutive years, not liable to retire by rotation, subject to consent by the Members of the Company at the ensuing Annual General Meeting ("AGM").

As an Additional Director, Mr. Prasad holds office till the date of the AGM and is eligible for being appointed as an Independent Director. The Company has received a declaration from Mr. Prasad confirming that he meets the criteria of independence as prescribed under the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"). Mr. Prasad is also not disqualified from being appointed as a Director in terms of Section 164 of the Act and has given his consent to act as a Director of the Company. In the opinion of the Board, Mr. Prasad fulfills the conditions for his appointment as an Independent Director as specified in the Act and the Listing Regulations and he is independent of the management.

Mr. Prasad is a veteran banker with over 35 years of regulatory, banking, and financial services experience. He is regarded as an expert and 'go-to' person for financial inclusion and more broadly, access to finance matters. Currently, he is connected with a number of Banks & NBFCs as an Advisor, Mentor and/or Board Member.

From 2010-15, Mr. Prasad was the Chief Executive Officer of Microfinance Institutions Network (MFN), the premier industry body and Self- Regulatory Organisation (SRO) for Microfinance Institutions (MFIs) in India. Prior to that, he held senior positions in institutions such as the Reserve Bank of India (RBI), National Housing Bank (NHB) and Citibank.

Seamlessly straddling the Government & Regulatory world with that of the private sector, Mr. Prasad steered the Microfinance industry through its crisis phase (2010-13). The subsequent mainstreaming of MFIs and their integration into the national financial architecture was an outcome of the advocacy work and constructive policy level engagement by MFN under his leadership. As an industry expert, Mr. Prasad has served on a number of committees of the Ministry of Finance, Govt of India. Passionate about financial inclusion, Mr. Prasad has been

often interviewed and quoted by the media, including national and international newspapers. From 2013-15, Mr. Prasad also served as the Chairperson of South Asia Micro-entrepreneurs Network (SAMN).

Mr. Prasad is not related to any other Director and Key Managerial Personnel of the Company.

Except Mr. Prasad, none of the Directors and the Key Managerial Personnel of the Company and their respective relatives are concerned or interested in the passing of the above resolution.

Item No: 6 & 7

The members of the Company through postal ballot notice dated 08.07.2016 has approved by way of a Special Resolution under Section 180(1)(c) of the Companies Act, 2013, borrowings over and above the aggregate of paid up share capital and free reserves of the Company provided that the total amount of such borrowings together with the amounts already borrowed and outstanding at any point of time shall not be in excess of Rs.200 Crores (Rupees Two Hundred Crores).

The Board of Directors of a Company shall not, except with the consent of Company by Special Resolution borrow money together with the money already borrowed, if any (apart from temporary loans obtained from the Company's bankers in the ordinary course of business), exceeding the aggregate of the paid up capital and its free reserves as per the provisions of Section 180(1)(c) of the Companies Act, 2013 ("the Act") and its rules thereunder.

The borrowings of the Company are in general required to be secured by suitable mortgage or charge on all or any of the movable or immovable properties of the Company, in such form, manner and ranking as may be determined by the Board of Directors / any of its authorised Committee of the Company from time to time, in consultation with the lender(s).

It is therefore, necessary for the members to pass a Special Resolution under Section 180(1)(a) and 180(1)(c) of the Companies Act, 2013, as set out at Item No. 6 and Item No. 7 of the Notice, to enable the Board of Directors to borrow money upto Rs. 500 Crores (Rupees Five Hundred Crores) and inter alia, authorised the Board to secure its borrowing by mortgage / charge on any of the movable

and/or immovable properties and/or the whole or any part of the undertaking(s) of the Company.

The Board recommends the Special Resolution as per the accompanying Notice, for approval by the Shareholders of the Company.

None of the Directors and the Key Managerial Personnel of the Company and their respective relatives are concerned or interested in the passing of the above resolution.

Item: 8

The existing Articles of Association (AOA) are based on the Companies Act, 1956 and several regulations in the existing AOA contain references to specific sections of the Companies Act, 1956 and some regulations in the existing AOA are no longer in conformity with the Act. Accordingly, with a view to align the existing AOA of the Company with Table F of the Schedule I of the Act and in accordance with Section 14 of the Act, it is proposed to adopt new set of AOA of the Company. The Board at its meeting held on 09.08.2018 has approved adaptation of new set of AOA of the Company and the Board now seeks Members approval for the same. A copy of the proposed set of new AOA of the Company would be available for inspection for the Members at the Registered Office of the Company during the office hours on any working day, except Saturdays, Sundays and public holidays, between 11.00 a.m. to 5.00 p.m. till the date of AGM. The aforesaid documents are also available for inspection at the AGM.

None of the Directors and the Key Managerial Personnel of the Company and their respective relatives are concerned or interested in the passing of the above resolution.

Item: 9

The members are informed that the existing Objects clause III of the Memorandum of Association of the Company is divided into (A) Main Objects; (B) Objects incidental or ancillary to attain main objects and (C) Other objects. In terms of Section 4 of the Companies Act, 2013, Objects clause III of the Memorandum of Association of the Company shall state the objects for which the company is incorporated and any matter considered necessary in furtherance of the objects thereof. Also the liability clause IV is required to be modified in terms of the requirement of the aforementioned section. Hence, in view of the notification of Companies Act, 2013 and rules there under and repeal of Companies Act, 1956 and it is proposed to amend the existing Memorandum of Association of the company to align the same with the Companies Act, 2013.

A copy of the proposed set of new MOA of the Company would be available for inspection for the Members at the Registered Office of the Company during the office hours on any working day, except Saturdays, Sundays and public holidays, between 11.00 a.m. to 5.00 p.m. till the date of AGM. The aforesaid documents are also available for inspection at the AGM. The Board at its meeting held on 09.08.2018 has approved alteration of the MOA of the Company and the Board now seeks Members approval for the same.

None of the Directors and the Key Managerial Personnel of the Company and their respective relatives are concerned or interested in the passing of the above resolution.

Item: 10

Regulation 31A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred as 'Listing Regulations'), provides a regulatory mechanism for re-classification of 'promoters' as 'public shareholders' subject to fulfillment of conditions as provided therein.

In this regard, the Company has received applications from the persons, as set out below; pursuant to Regulation 31A of the Listing Regulations for classifying them under the 'Public Category' since their names have been included as a part of the 'Promoter and Promoter group':

SRN	Name of the Promoters / Promoter Group	No. of shares held as per application
1	Amit Rajnikant Manakiwala	13244
2	Himani Amit Manakiwala	30606
3	Maulik Amit Manakiwala	800

They are financially independent persons who take independent investment decisions and are no way related to any of the business carried out by the Company. Further, the applicants have informed that:

- 1) They are not holding more than 1% shares in the Company.
- 2) They do not have any special rights in the Company through formal or informal arrangements.
- 3) They do not directly or indirectly, exercise control over the affairs of the Company.
- 4) They have neither any representation on the Board of the Company nor have any veto / special rights as to voting power or control over the Company.
- 5) They will not act as Key Managerial Personnel of the Company.

In view of the explanations given by the applicants as

detailed above and in consideration to the conditions as stipulated in Regulation 31A of the Listing Regulations, the Board of Directors of the Company at their meeting held on 09.08.2018 have approved all the applications for reclassification received by the Company as above from 'Promoter and Promoter Group' category to 'Public category' subject to approval by the members and relevant regulatory authorities. As required, intimation has been sent to Stock Exchanges based on declaration received from the aforesaid persons/entities. Further as per Rule 19A of the Securities Contracts (Regulation) Rules, 1957, the public shareholding as on date of the notice fulfills the minimum public shareholding requirement of at least 25% and the proposed reclassification does not intend to increase the public shareholding to achieve compliance with the minimum public shareholding requirement. Further, in accordance with Regulation 31A of the Listing Regulations, the said reclassification requires the approval of the Stock Exchanges, where the shares of the Company are listed. In terms of the procedure adopted by the Stock Exchanges for granting such approval, the Stock Exchanges, inter alia, require that the Company obtain the consent of the Shareholders of the Company, for the said reclassification.

The Board recommends the passing of the resolution as set out under item no.10 for approval of the Members as an Ordinary Resolution.

Except Smt. Ritaben Patel, none of the Directors and the Key Managerial Personnel of the Company and their respective relatives are concerned or interested in the passing of the above resolution.

Item: 11

Section 20 of the Companies Act, 2013 which deals with service of documents, inter-alia, enables the Company to dispatch any document to a member as per his preferred mode on receipt of specific request subject to deposit of such fee as determined by the members in the general meeting. Accordingly, consent of the members is sought for passing a resolution authorizing the board of directors to decide the fee payable as set out at item no. 11 of the notice on dispatch of document as per the choice of mode selected by any member of the Company.

The Board recommends the resolution for approval of the members in the best interest of the Company.

None of the Directors and the Key Managerial Personnel of the Company and their respective relatives are concerned or interested in the passing of the above resolution.

Item: 12

The Board of Directors of the Company has been exploring various fund raising options, in order to augment the long-term resources of the Company. There is potential to raise resources through issue of Non-Convertible Debentures ("NCDs") on private placement. Your Directors considered that the Company should broaden the base of resource mobilization to ensure availability of adequate funding for future business growth and development and propose to raise these funds through issue of NCDs on private placement.

The funds raised through this issue of NCDs will be utilized for various financing activities, loans to its subsidiary, working capital requirements and general corporate purposes of the Company, after meeting the expenditures of and related to the issue. As per Sections 42 and 71 of the Companies Act, 2013 ("the Act") read with the Rules framed there under, a Company offering or making an invitation to subscribe to NCDs on private placement basis is required to obtain the prior approval of the Shareholders by way of a Special Resolution. Such an approval can be obtained once a year for all the offers and invitations made for such NCDs during the year.

The Board of Directors of the Company at its meeting held on 09.08.2018 has approved the issue of NCDs for an amount not exceeding Rs. 200 Crores, subject to the approval of the shareholders of the Company. It is also proposed to issue NCDs in one or more tranches within a period of 1 (One) year from the date of passing this Special Resolution. Further, the issue amount of NCDs will be within the overall borrowing limits of the Company, as set out at item 6 of this notice. The Board recommends the Special Resolution as per the accompanying Notice, for approval by the Shareholders of the Company.

None of the Directors and the Key Managerial Personnel of the Company and their respective relatives are concerned or interested in the passing of the above resolution.
